Overrides

Background
Depending on the situation, it may be appropriate to override a student or class restriction to enroll a student into a class.

In ConnectCarolina, registration overrides are split into two categories.
1. The student’s specific overrides are displayed on the General Overrides tab.
2. The class-specific overrides are on the Class Overrides tab.

Navigation
Records and Enrollment > Enroll Students > Quick Enroll a Student

Apply a General Override
On the Add a New Value tab:

1. Enter a student PID and Term.
2. Click the Add button.
3. Click on General Overrides or Class Overrides.
4. Select the override required to complete the Quick Add and click the Submit button.

The table below details the General Overrides that are used in ConnectCarolina.

**Note:** Not all overrides will be used.

<table>
<thead>
<tr>
<th>General Overrides</th>
<th>Explanation</th>
<th>SIS Screen</th>
</tr>
</thead>
<tbody>
<tr>
<td>Appointment</td>
<td>Select to override the student’s enrollment appointment date, time and maximum enrollment units. This enables you to enroll the student in the class on the corresponding row of the enrollment request, regardless of the student’s enrollment appointment.</td>
<td>Override is handled by OUR Staff. Screen 112 Credit Limit.</td>
</tr>
<tr>
<td><strong>Available only to OUR staff</strong></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Unit Load</td>
<td>Select to have the enrollment engine skip all unit limit checks, including the unit load for the student’s enrollment appointment, the term and session unit load, the term and session course count load, the term and session no grade point average (GPA) units, the term and session audit units and the minimum unit enrollment check.</td>
<td>Screen 112 Credit Overload</td>
</tr>
<tr>
<td>Time Conflict</td>
<td>Select to override anytime conflicts between classes when you process the enrollment request.</td>
<td>Screen 104 Time Conflict</td>
</tr>
<tr>
<td>Action Date</td>
<td>Select the date that you want to use as the action date for processing this enrollment transaction. The action date is the effective date for the enrollment transaction. By default, the system uses the current date. When you are processing an enrollment request and you select to override the action date, this field becomes available for edit.</td>
<td>Screen 116 Update Date</td>
</tr>
</tbody>
</table>
**Overrides**

**Career**
Select to override academic career pointers and career pointer exception rules for the student’s academic career.

**OUR Staff Only**

**Service Indicators**
Select to override service indicators that have been placed on the student’s record.

**Requisites**
Select to have the enrollment engine bypass requisite checking when you submit the corresponding row of an enrollment request for processing.
This feature is not active for Fall 2010.

**Apply a Class Override**
On the **Add a New Value** tab:

1. Enter a student PID and Term.
2. Click the Add button.

The table below details the Class Overrides that are used in ConnectCarolina.  
**Note:** Not all overrides will be used.

<table>
<thead>
<tr>
<th>Class Overrides</th>
<th>Explanation</th>
<th>SIS Screen</th>
</tr>
</thead>
</table>
| Closed Class    | Select to allow students to add a class that is closed due to capacity or to override the courses’ reserve capacities. | Screen 104  
‘Closed Course’ Override |
| Class Links      | Select to allow students to add and drop class sections without having to add or drop an associated class, such as recitation or lab. This override also allows student to enroll in a non-enrollment type section, and to allow multiple student enrollments in a course. This basically ‘breaks’ the link between lectures and related components. | In SIS, you could register for the lecture without the recitation, even though they were linked so you must either register for the lecture and all related required components or override the link. |
| Grading Basis    | Select to allow student to enroll into a class with a grading basis other than the one established for the class. For example you would use this override when a student wants to audit a course. | Screen 184  
Class Permission | Select to override general | SIS screen 104 |

3. Click on Class Overrides.
<table>
<thead>
<tr>
<th>Overrides</th>
<th>requirements. When departments have placed a permission restriction on a course, this override is the equivalent of giving the student permission needed to register for the course.</th>
</tr>
